FAQ (On Evaluation)

Q17. Can I evaluate partial answer script and do the remaining evaluation next day?

Ans. Yes, you can partially evaluate and save and log off. However, the best practise is to complete the evaluation and submit the answer booklet once the script is downloaded. Also, the University might give instructions to remove partially evaluated script at the end of the day and your script might be de-allocated.

Q18. Can I download the answer script for next day?

Ans. No, you should not download the answer script for next day.

Q19. Getting an error while opening the application

Ans. In Internet Explorer

Go to Tools -> Internet Options -> Security

Select the "Security" tab -> Click the "Custom Level" button

1 Click Initialize and script ActiveX controls - Click Enable

2 Display mixed content - Click Enable.

3 Miscellaneous - Click Enable.

Q20. If I have been an evaluator for a script, can I re-evaluate the same script?

Ans. No. the system will not allow you to download the script which you had evaluated earlier

Q21. Under which screen I can see and do revaluation

Ans. Revaluation can be done under the **RP1** tab which is under my marking

Notes

1. In case if you are getting **invalid user** id , even after register, please call help desk, they will add the IP and please ask your college IT co-ordinator to keep the fixed (Static IP), this happens due to dynamic IP, Only when an IP is registered the system is authorized.
2. Before starting evaluation, we kindly request you to go through our online video for evaluation.
3. In case if your question is not listed, do call / Write to us on help desk
